

Home Learning Plan

The table below outlines the planned weekly coverage for your child. Your child's teacher will continue to share learning activities and supporting resources on Wakelet each day (<https://wakelet.com/>) These activities can be completed in your child's home learning book or on any paper children have available. We will look at this work once school reopens. If you have any queries or require support, please see the "COVID19" tab on the website for ways to contact the school.

Year Group	Reception				
Week	7	From	8.6.2020	To	12.6.2020
Topic Project	Over the next week, I would like you to continue to research the different types of animals that are kept as pets. Choose your favourite type of pet and create a poster all about the animal e.g. – what it eats, what type of home/house it lives in, how to look after it etc.				
Subject	Focus	Overview of Home Learning Activities			
Reading	Reading Skills	Read for 10-15 minutes every day – keep a note in your reading record. Use one of the reading resources provided on Wakelet (English) or books you have at home.			
Writing	Phonics	Join in with daily phonics lessons on Ruth Miskin's Read Write Inc. YouTube channel (see link of Wakelet – English). Complete one of the follow-up lessons on Word Reading and/or Spelling. Choose Set 1, 2 or 3 depending on ability and level of challenge.			
	Handwriting	See this week's handwriting sheets on Wakelet (English). One sound per day – this week we are focusing on nk, ai, ee, igh and ow.			
	Literacy/Writing	Complete this week's lessons and activities all based on 'Animals - Pets' (see daily lessons on Wakelet – Literacy). These will focus on exploring the story 'The Great Pet Sale'. Children will discuss/share ideas, make predictions, explore similarities and differences, and write words/sentences about different pets.			
Maths	Mental Maths	With a focus on 'Saying One More', spend 10 minutes each day working on a selection of different Mental Maths activities (see Wakelet – Maths).			
	Number or Shape, Space and Measure	Complete this week's lessons and activities all based on 'Doubling' (see daily lessons on Wakelet – Maths). Understand that doubling means 'twice as many' or 'adding the same again', use real objects to 'build' doubles, use ten frames and part-whole models to build doubles, and distinguish doubles from non-doubles.			
RE	Pentecost	Continue learning about Pentecost, recalling some of the elements of the story of the coming of the Holy Spirit. Complete some of the Pentecost activities provided on Wakelet (Topic and RE), including discussing making and keeping promises (including how Jesus kept his promise to the disciples), and sequencing the story of Pentecost.			
Understanding the World	Animals	We will learn about different types of pets and share experiences of having our own pets. Complete some of the 'Animals – Pets' activities provided on Wakelet (Topic and RE), including comparing pets in the past to pets we have today, taking part in a pet shop sale, and finding out about what pets need to keep safe, happy and healthy.			
Physical	Keeping Active	Join in with a daily physical activity. Choose which one you would like to do from the selection provided on Wakelet (Topic and RE).			

Daily Collective Worship and PSHE/Circle Time Activities will also be planned/taught.
