

Glorify Him

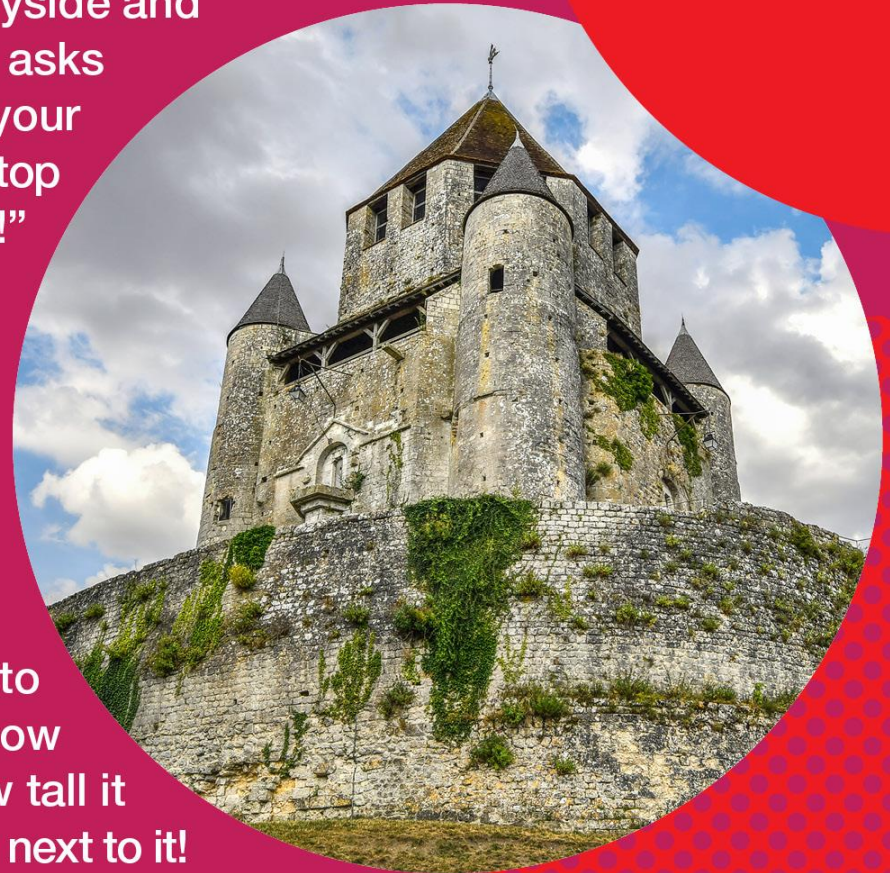

Prayer Leader:

Imagine you are driving through the countryside and in the distance you see a tower. Your Mum asks you how big it is, and you measure it with your hand, pointing your finger and thumb to the top and bottom of it. You say, “It’s not very big!”

Then your Mum drives on another five miles, stops the car and you both get out. You’re standing at the bottom of the tower now, and it is HUGE!

Now, how do we glorify the size of the tower? First, we have to get close enough to see how big it really is and be amazed at how tall it is. Then we need to show people how tall it really is, perhaps by taking a picture standing next to it!

Of course, we can’t take a picture standing next to God, but we can get close to Him and ask Him to help us see how big He really is, just like the disciples saw Jesus for who he was.

Prayer Leader:

Remember that 'glorify' means to worship God like we know how important He is. So let's ask ourselves:

How can I glorify God today?

Let's pray together:

All:

**Dear God,
Help me to see you as you are.
Give me joy in my heart.
Help me act in ways that show everyone how important you are to me.
Amen**
