

Glorify Him

Thursday

Prayer Leader:

Imagine you are watching a pantomime. The hero is strong and wise and always tries to do the right thing. The villain is rude and dangerous and you celebrate when they get what they deserve at the end!

The beauty of character isn't like the beauty of sunsets or flowers. It is the beauty of strength, wisdom, love, justice and generosity.

So how do we glorify that character? How do we glorify the strength and wisdom and beauty of the hero in the pantomime? By cheering when they appear in the story and by being glad when they win and by telling other people how great they are and how beautiful they are compared to the rude, dangerous villain!

We can glorify God in the same way: by getting to know His beautiful character, by rejoicing with Him and telling other people how great He is!

Prayer Leader:

Remember that 'glorify' means to worship God like we know how important He is. So let's ask ourselves:

How can I glorify God today?

Let's pray together:

All:

**Dear God,
Help me to see you as you are.
Give me joy in my heart.
Help me act in ways that show everyone how important you are to me.
Amen**
