

Home Learning Plan

The table below outlines the planned weekly coverage for your child. Your child's teacher will continue to share learning activities and supporting resources on Wakelet each day (<https://wakelet.com/>) These activities can be completed in your child's home learning book or on any paper children have available. We will look at this work once school reopens. If you have any queries or require support, please see the "COVID19" tab on the website for ways to contact the school.

Year Group	Year 1				
Week	6	From	11/05/2020	To	15/05/2020
Topic Project	Over the next few weeks, you will be focusing on our new topic 'colour creations' which is all about discovering what happens when we mix colours! You may (with your adult's permission and supervision) decide to do this practically with paint. If this is not possible then there will be videos and other links on Wakelet so you will still be able to see how colours can change. Research task: What are the primary colours? What are secondary colours?				
Subject	Focus	Overview of Home Learning Activities			
Reading	Reading Skills	Read for at least 15 minutes every day – keep a note in your reading record.			
Writing	Spelling, Punctuation and Grammar	See this week's spelling sheet on Wakelet. Write your spellings out in a list and use the Look, Say, Cover, Write, Check method. There is also the normal spellings word search. You may ask your grown up to test you on these like we normally do on a Wednesday!			
	Handwriting	See this week's handwriting on Wakelet. There is also a handwriting section on Purple Mash.			
	Text Exploration	This week, we will be starting a new book.			
	Phonics	Practice your speed sounds, green words and alien words on Wakelet. Practice your common exception words. Complete work on Wakelet.			
	Writing	This week our writing will link to the story we are set- you will find this on Wakelet.			
Maths	Recall Facts	Practise your 10 times table every day – at least 10 minutes. Have a go at the times table quizzes set on Purple Mash.			
	Multiplication	Complete this week's worksheets – available on Wakelet with a PDF PowerPoint to support. There will also be optional practical activities available.			
RE	Easter	This week we are still looking at the significance of the liturgical season Easter. We will know that Easter is the season where we celebrate Jesus rising from the dead. We will be looking at the story of the women going to the tomb and finding that Jesus was alive.			

Science

Animal kingdom

Our summer topic is animal kingdom- conduct research into what a reptile is. Create a collage of different reptiles.
Work on Wakelet.
